Class Goals: The goal of this class is for you to learn how to enjoy music by playing basic guitar.

Class Attendance: I expect you to be present, and on time at all class meetings. You may miss three classes unexcused without a penalty. On the fourth and each other unexcused absence I will lower your grade by one letter. If you are late to class three times, this will equal one unexcused absence. There will be a few unannounced daily quizzes that will average together and count as one major grade. No make-ups on these daily quizzes. You are responsible for all notes, power point presentations, recordings, films/videos presented in class. Due the size of this class, no talking, sleeping, eating, reading newspapers, text messaging or cell phone use during class will be tolerated. All of these activities disrupt the educational process. If these common courtesies are not observed, you will be invited to leave the class. **NO CELL PHONES OUT DURING CLASS!**

Performance Exams- This is where you or a group plays a prepared piece for me or in front of the class.

Written Exams- These exams test your knowledge on music theory, notation and other important topics that are important to play guitar.

Final Exam- It will be part written and performance.

Quizzes- These will be either written or performance quizzes.

The Journal Notebook- It should contain any notes that you have taking during the semester from class room instruction. It is also a place for you to reflect on your progress in this class. You could write down what times you are practicing, what problems you are having, what successes you are having etc. This journal notebook will help you focus in on your goals in music. I will check this Journal Notebook at various times during the semester, so make sure that you bring it to class so that you do not lose any points! At the end of the semester, I will grade them, either during *dead* week or on the day of the final.
